Forecast for Friday 12 Mar 2021

Weather: Occasional snow showers over most of the region, some heavy especially to the west of the A9. Blizzard conditions possible due to the strong winds and sub-zero temperatures. Fewest showers and best of the sunshine over the Aberdeenshire Hills and Braes of Angus.

Chance of cloud free mountain/hill tops above 800m: 70% - but varying markedly as showers move through. Nearer 30% over western summits.

Visibility: Good away from showers but rapid deteriorations to poor or very poor in showers, with cloud descending to 750m at times in the west.
